CONTRACT SUM:	Current Sum £470,000
CONTRACT PERIOD:	54 Weeks
AWARD WINNING SCHEME:	BALI National Landscape Awards 2012

DESCRIPTION OF SCHEME:

The house was designed by Jane Duncan architects. Landscape architect was Gavin McWilliam and involved the reshaping of the pond, installation of feature walls with STO render and also a stone clad wall. Hardwood deck was installed over the pond along with feature rocks set on block tables under water. A raised contemporary sand stone patio with two projected decking platforms linking to the paved area. Installation of a lawn surrounded by yew hedging.

A dry garden was installed with a feature oliver tree with a ground surface of cotswold gravel. Herbaceous planting and mature trees fill the borders. A new drive has been installed with metal edge. Installation of raised beds been made from fibreglass with an oxidised metal finish. Installation of bespoke automated gate. Installation of a croquet lawn with box cubes around the border.
